

## **BAC SHOUT OUT: BAC Social Cruise to the Sonic September 23<sup>rd</sup>, 2020**

It was another classic activity for classic cars on September 23<sup>rd</sup> as the Bastrop Area Cruisers gathered at the Sonic Drive-In Restaurant on Highway 71 near the Colony entrance. About 17 cars carrying about 40 members and guests to advantage of this gathering. Club cars filled essentially all the entire east side parking slots with a few others parking along the back drive or on the west side.

There was visiting and eating and sitting in cars or in chairs on a night with very pleasant weather. Plans were to also be able to use a grassy field on the west side of the building, but this didn't become available. But there was plenty of room to socially-distance visit in masks near our cars in the driveway on the east side.

This brought back memories for me of the teen years of cruising the local McDonalds or the Eat-N-Park where I grew up. We didn't have Sonic or Whataburger, but the scene was the same at our local hang-outs.

Plans are to do this again at Sonic in the near future. Look out for the announcement.

Hope everyone can get out to the next club activity this Saturday to tour the Peeka Ranch Alpaca Farm and lunch at Round Top. If you have not received details for this trip, contact Harry Green or Bo Godfrey.

Check the photos below. Hope you enjoy them.

Jeff Kirk
