

Downtown Video Shoot for 2019 Car Show – Nov 2019

While much of the car club membership was busily preparing for the veterans weekend in the last days before the event, several club members also participated in live TV promotions for the weekend events.

The Austin FOX news channel asked if they could come to Bastrop to get some live video for inclusion in their morning news and talk show programs on November 6th starting around 6:30am. Ashton LaFuente from the Visit Bastrop organization brought this opportunity to the club and Bill Szelag organized some members and cars for the event as well as Ken Ladd, the key sponsor for the Veterans Weekend, to meet on Main Street to use some cars as a backdrop for brief interviews with a few car club members.

About six interviews were made, with some being broadcast live that morning and some appearing over that day or the following day in other programs on FOX.

If you are interested, check out the photos taken by members at the venue attached in the Google Photos album – 2nd link below. Also, some of the video clips were captured and are available to view in the attached link below.
